

- ◆ Learn about American culture: customs, holidays, famous places, and people.
- ◆ Meet women from other countries and from the Washington University community
- ◆ Exchange cultural information
- ◆ Visit American homes
- ◆ Tour attractions in St. Louis: museums, neighborhoods, and monuments.

## Getting Together

Each week, an e-mail is sent to participants telling them of the activity and location of the event for that week. You may join us every week or just once in a while. For those who do not drive, we help with travel arrangements.

THE WOMAN'S CLUB  
 OF WASHINGTON UNIVERSITY

## What We Enjoy

We meet Friday mornings.  
We enjoy meeting new people,  
making new friends, comparing  
our home countries with our  
new surroundings, and learning  
American slang.

## Who We Are

Most of us come to Washington University with our spouses or significant others. Many of our spouses are graduate students. Most of us are not permitted to work in the United States. Many of us have children, some babies, some who are of school age.

In our home countries, we are teachers, dentists, doctors, business administrators ... many professions. We enjoy meeting new people and learning about new places. We come for several months or a few years. Our ability to speak English varies from "just a little" to "fantastic"!

We enjoy living in a new country and want to have new experiences. Friday mornings, we discover how universal our concerns and interests are as women. We come from China, Japan, Korea, India, Slovakia, Israel, Germany, Poland, Greece, and Hungary ... and welcome women from any other country.
